Posture & Pressure Care

The Bariatric offers a range of posture and pressure care solutions. Firm, medium risk pressure care is standard with the ability to accommodate high risk air and gel solutions.

Multiple Back Options

The Bariatric is available with multiple back options allowing any user to find comfort. Zipped rear access allow fibre adjustment which can be beneficial to postural conditions.

Removable Seat Wrap

The combination of a removable seat wrap and seat insert can accommodate high risk gel and air solutions. The removable features offer quick and easy access when cleaning is required.

Available Back Options

2-Tier Drop Back

A classic fibre filled back cushion provides a soft feel and maximum comfort. The 2-Tier Drop Back comes fully adjustable with zip access at the rear to offer bespoke support around the back area.

Vertical 2-Tier Drop Back

A fibre filled back designed for a comfortable feel and to aid in the reduction of pressure around the mid-back and spinal areas. Beneficial to users with more complex postural needs such as Scoliosis and Kyphosis.

Fibre Lateral Back

A soft fibre filled Lateral Back with a soft fibre filled headrest. This will not only provide comfort, it also will help to maintain a healthy mid-line position from the hips upwards, which is key for good posture.

Foam Lateral Back

A firm foam filled Lateral Back with a soft fibre filled headrest. This will not only provide comfort, it also will help to maintain a healthy mid-line position from the hips upwards, which is key for good posture.

Variable Cushion Inserts

The Bariatric cushion inserts intelligently constructed design accommodates the diverse needs of the user, particularly those at higher risk of pressure related issues.

Our innovative design seamlessly integrates adaptable air/gel solutions with versatile back options, resulting in an elevated posture and an improved overall seating experience.
